## DEFENSE SAYS M'KEON OWES NO APOLOGIES

Parris Island, S. C. (P)—The defense maintained today S. Sgt. Matthew C. McKeon owed "no apology to anyone" for the night march in which six Marine recruits drowned.

Thus defense attorney Emile Zola Berman of New York City laid down the lines on which he hopes to prove the 31-year-old former drill instructor was guilty of no wrongdoing.

McKeon is appearing before a general court-martial. He is the man who led 74 recruits on a night march into a tidal creek April 8. Six did not come back.

Berman said he would attempt to prove that the methods used by McKeon on that fateful night "were part and parcel, the wrap and wool" of the methods "by which this Corps has made its wonderful tradition."

McKeon, whose home is at Worcester, Mass., pleaded innocent yesterday to the two major charges against him—Involuntary manslaughter and oppression of recruits.

On two minor charges—drinking in barracks and in the presence of a recruit—he said nothing. As a result, the court ordered the court-martial to proceed as if he had pleaded innocent.

This morning the defense and the government prosecutor, Maj. Charles B. Sevier, of Jacksonville, Ill., made their opening statements.

Sevier said only in a brief statement of about five minutes that "the presentation of evidence will be lengthy. It is our intention" to reconstruct the events which are the subject matter of the charges.

The square-shouldered Marine major, scarred on the left cheek, said also that he would ask the court to view the area in which the tragedy occurred.

The telephone calls jammed the limited communication facilities here after Defense Atty. Emile Zola Berman of New York City asked former Marines to rally to McKeon's defense.

## Legion Convention In Philadelphia Has Heavy Schedule

Philadelphia (P)—The 38th annual convention of the Pennsylvania Department of the American Legion opened here today with a heavy schedule of business, debate and excitement.

More than 5,000 legion delegates came for the sessions; nearly as many women are on hand for the meetings of the auxiliary.

Today's program was given over largely to the big job of registering delegates and alternates and installing special guests in their quarters, and to the preliminary work of policy-making committees.

The convention was given aousing sendoff by Governor Leader and Mayor Richardson Dilworth, war veterans both, who wrote glowing letters of welcome.

The Legion's business sessions, which for the first time were open to the public, move into Convention Hall Thursday. A memorial service, with the dedication of a bronze plaque in honor of war dead, will be the first ceremony of the day. The plaque later will be taken to Gettysburg and placed near the Lincoln Monument in the historic cemetery.

## Surgeon's Knife Leaves Young Cancer Victim Blind for Life

By F. T. MacFEELY

Orlando, Fla. (P)—A surgeon's knife today left young Mike Sibole blind forever.

It was a matter of blindness or death. The tragic operation took 41 minutes. It had started at 8:10 m.

Cancer caused removal of his maiming eye—the left. When he waked this morning, it was the 4-year-old's last hazy look this world.

His parents brought Mike to the hospital. Mrs. Henry Malone of Miami, a grandmother, accompanied them. Mike bounded up the steps, but appeared to be a sleepy on his face. He wore a blue and white

## Fire Damages Local Home

—Photo By Garney Pedersen

Smoke, heat and water damage to the entire deck of a one-level home on Prospect street, above was estimated at \$15,000 by firemen after a blaze gutted the adjoining garage late yesterday afternoon.

Fire Chief James Tridico said the owner, Merle W. Kremer, had the loss covered by insurance.

An overloaded electric cable was blamed for the fire which blazed spectacularly after it was discovered at 5:37 p. m.

Among the dozens of spectators attracted to the blaze was Andrew J. Faucet of 6 Beaty Court who had just played golf with Kremer that afternoon. He and his wife

raced to the scene, leaving some meat frying in their own kitchen. When they returned, the meat had burned, and the wall and ceiling were scorched to the tune of \$500. Firemen stopped in there at 6:20 p. m. but the second blaze was out by then.

Listed among the loss at Kremer's was a 1956 Buick with 1,600 miles recorded on the speedometer. The car was trapped in the garage and Kremer tried to start it before intense flames and smoke drove him from the blazing structure.

The owner also had a little trouble summoning firemen as the telephone cables ran through the garage and were burned out by the time the flames were observed. However, about ten others who did see the flames called in the alarm.

Firemen made two return trips to the scene, first at 7:30 p. m. to put tar paper over a hole burned in the garage roof and again at 1:30 a. m. when insulation was discovered smoldering.

Pittsburgh (P)—The Turtle Creek Valley Flood Control Authority has awarded a contract to Harrison Construction Company for dredging the lower section of Turtle Creek. The project is the first step in a major flood control project.

The entire project is expected to cost approximately \$318,250 and will cover the creek from the Monongahela River to the Westinghouse Flood Control Gates in East Pittsburgh. The valley is the scene of frequent and destructive flash floods.

Pittsburgh (P)—The warden of Western State Penitentiary says a state police probe into an alleged smuggling ring has been completed and a report turned over to the Allegheny County District Attorney's office.

However, Dist. Atty. Edward C. Boyle said he has not received the report.

Warden Angelo Cavell said yesterday the state investigation was completed July 1, but he declined to say what had been uncovered. He did say, however, that he would conduct a news conference at a later date to discuss the probe's findings.

Cavell added that any "prosecutions will have to be made by the county prosecutor."

**CITY HALL REPORTER DIES**

Jefferson, Iowa (P)—Douglas Taylor, 66, of Shipperly Rock, Pa., a veteran city hall reporter for the Pittsburgh (Pa.) Press, died yesterday at the home of his mother.

Naylor, who was vacationing here, underwent an emergency intestinal operation last week. Death was attributed to a heart attack. He had been employed by the Press since 1932.

**GOOD REPORT FROM BLOODMOBILE UNIT**

At one o'clock it was reported a total of 63 pints had been collected by the Buffalo Bloodmobile Unit, making a periodical visit to the Chapter House in Market street today.

The next visit will be August 8th for Sylvania employees, details regarding which will be printed later. The Unit will be at the Chapter House on Wednesday August 29th.

## Arrest Clears Up Three-Year Old Burglary

A three-year-old theft of \$150 from Carlson's Oldsmobile Garage at Pennsylvania avenue and Park street has been cleared up by Warren Police.

Robert Lawren Smith, 27, of R. D. Warren, has admitted taking the money on November 16, 1953, according to Police Chief Michael Evan.

Smith was one of numerous persons "fingered" in the roundup of a younger gang following the burglary of \$11 from Cozy Corner last Thursday night.

Police said Smith admitted he was staying in Erie at the time of the \$150 theft, and had just dropped down to Warren that night to do the job. Local law enforcement officers have been attempting to locate him ever since for questioning, but Smith had departed for the west coast.

He only recently returned to this district and had been staying with relatives at Oakview when police investigation uncovered him.

Meanwhile, the round-up continues of a gang of juveniles who have been poaching gasoline at night from various unattended tanks in the district.

Besides the six young men already picked up following the Cozy Corner job, four other juveniles are being sought by police after being positively linked with the gasoline thefts.

Concurred action by local police, State Trooper Jack Krupie and Chief Deputy Sheriff Donnell Allen, Jr., has turned up the additional information which is expected to end the forays to tanks under cover of darkness.

Largest single steal was perpetrated June 25 when approximately 100 gallons of gasoline were drained from a tank at Eckard and Mead mill on the old creamery road off Jackson Run. Latest information definitely spots several new juvenile suspects as the guilty parties.

On June 26, police said 35 gallons of oil was taken by the gang from the Whitmire and Star leases on Zimmerman Hill. Pickings were good here and the band returned to cop a considerable quantity of tools.

Another return trip netted brass fittings which were later sold for junk.

The juveniles, who own four hot-rods between them, also found time to steal about 40 gallons of gas from some Keystone Construction Company trucks recently when they parked near the Fifth street bridge. Other favorite poaching areas were the Means Lumber Company, Warren Transfer and Hammond Iron.

When all are rounded up, they will be herded into juvenile court. Twenty-seven-year-old Smith, also charged "with stealing two jeep runs and tires in Corry two weeks ago, faces more serious charges.

**RATE HIKE POSTPONED**

Harrisburg (P)—A proposed \$5,200 a year rate increase yesterday was postponed until Feb. 1 by the Public Utility Commission for the Mount Jewett Water Co. The company serves 400 customers in McKean county. The new schedule would have raised rates Aug. 1 from an annual average charge of \$39.32 to \$51.12.

## Jaycees Plan "Banquet of Champions"

Climax of the All-American Soap Box Derby week and at Akron, Ohio, is the Banquet of Champions at which 15,000 dollars in scholarships, trophies, and other prizes are awarded winners. Above is a view of the 1955 banquet attended by champions, parents, celebrities, track workers, newsmen and civic leaders, following last year's races at Akron, Ohio. Warren's Banquet of Champions will take place Saturday evening at 7:00 o'clock in the Beatty Junior High School cafeteria. This banquet is being made possible by members of the Jaycee Auxiliary as their contribution to the Jaycee Soap Box Derby project. Heading the committee on arrangements is chairman Mrs. Robert Geiger, being ably assisted by Mrs. Abe Schwartz, Mrs. John Lesser, Mrs. Virgil Zetterlied, Mrs. Myron King and Mrs. Thomas Schorman. The committee is making plans to accommodate 200 people which will include the Derby contestants, their parents and invited guests. Following the tradition of previous Jaycee Auxiliary projects, the banquet should be a huge success.

## Fine List of Awards Will Be Presented at Derby Day Dinner

Merle Seymour, chairman of the Awards Committee of the Jaycee Soap Box Derby Committee, released today a list of prizes which will be presented at the Warren "Banquet of Champions". The Derby will get under way on the Central Avenue Speedway at 12:30 Saturday afternoon.

In addition to the trip to Akron, the T. H. Keating Plaque and the seventeen jewel wrist watch which he will receive at Akron, the Warren Champion will receive a beautiful trophy presented by the United Refining and Emblem Oil Companies of Warren. He will also receive an historic American flag which has flown over our national capitol through the courtesy of Congressman Leon H. Gavin. The Champion and his parents will receive a dinner at Warren's Blue and White Restaurant with the compliments of Gus Spiridon. The second place winner will be recipient of a 26 inch bicycle presented by the Metzger Wright Company.

Third prize will be an RCA Table Model Radio presented by Caprino's and a Philco Clock Radio presented by Turner's. There will be a presentation in the Class A and Class B group.

Fourth prize will be two Timex wrist watches presented with the compliments of Siefert's Jewelry and James Jewelers to a class A and a class B runner-up.

Fifth prize will be two Shaeffer Cartridge pens presented by Reading and Whien and Watt Office Supply.

Collins and Alkman Corporation will present a camera set, complete with flash attachment, batteries and flashbulbs to the owner of the best upholstered car.

The owner of the best designed car will receive a seventeen jewel wrist watch through the courtesy of Kirbergers.

A Bible, given by Satterlund's will be awarded to the Warren Champion by Bruce Bradford, winner of last year's Jamestown Soap Box Derby.

**CD Asks Public Response To 'Conelrad' Friday**

Warren County Civil Defense is asking the public in this vicinity to help them measure the quality of "Conelrad" radio reception during the nation-wide test Friday afternoon.

Citizens are asked to tune in "Conelrad" wavelengths 640 and/or 1240 from 4:10 to 4:25 P. M. that date and listen to the broadcasts.

No station identification will be given but those wishing to aid CD "check your chances of survival" are asked to send to civil defense headquarters at the Court House, their address, which of the two wavelengths they could hear best, and whether the broadcast was easily understood, hard to understand or not understandable.

Public will be asked to take shelter from 1:40 to 1:50 p. m. Friday and traffic will be curbed by local, state and auxiliary police.

## NEW BENEFITS FOR WOMEN AND DISABLED

By JOE HALL

Washington (P)—Jubilant Democrats today hailed their Senate victory on the Social Security bill as marking an historic expansion of protection and retirement benefits for American families.

The Senate last night, after a 12-hour session, passed 90-0 the bill permitting all women to start drawing retirement payments at age 62 instead of 65 and totally disabled persons to receive benefits starting at age 50. The six absent senators also were recorded as favoring passage.

But the Democrats squeaked through 47-45 on the most exciting battle of the debate—the proposal by veteran Senator George (D-Ga.) to put the disability program into the bill. Voting for it were 41 Democrats and 6 Republicans, while 38 Republicans and 7 Democrats opposed it.

Senators Long (D-La.) and Douglas (D-Ill.) both told a reporter they considered that the Senate's decisions on the bill established a landmark in the 21-year history of the Social Security system.

Long said the originators and backers of the system have been striving since the 1930s to get disability payments written into the law. They say this now completes a trinity of protection which heretofore has included retirement and survivor benefits.

The House bill, passed last year 372-31, also contained the disability benefits and lowered retirement age for women in a somewhat different form. Thus these are certain to be in the final compromise product.

Democrats discounted any threat of a veto by President Eisenhower, even though the administration opposed both the key benefits in the bill as too costly. But they said the measure would provide prime campaign material this fall whether it is signed or vetoed.

Long gave full credit to Sen. (Turn to Page Eight)

**Motorcycle Rider Is Badly Injured In Collision With Car**

The second serious motorcycle accident to occur in Warren County in little over a month happened near the new Eisenhower School on Russell-Lander Road last night and sent a 19-year-old Akeley boy to Warren General Hospital in an unconscious condition.

Reported conscious and in a "pretty good" condition today by his physician is Harold Van Ord, son of Mr. and Mrs. Lewis Van Ord, Jr., RD 2, Akeley.

According to state troopers who investigated the mishap at 8:05 last evening, a car driven by Lloyd Allen Hunt, 18, of 63 Morris street, Mayville, N. Y., turned left onto Fairbanks Road from high-way 957 across the path of the Lander-bound motorcycle.

Force of the crash buried the nose of the new Zundapp motorcycle right to the engine block of the car where it remained upright after the impact. The boy was thrown about thirty feet through the air.

First persons on the scene of the accident were the victim's parents who had been driving in front of him and had just turned down the Marshtown Road before the crash. Young VanOrd suffered severe concussion, left ankle fracture, multiple abrasions and contusions. A complete X-ray examination will be made tomorrow.

A second motorcycle accident victim, 14-year-old Raymond Lipsey of Kersey, Pa., was reported to have spent a good night at Warren General Hospital last night. He was admitted June 6 after being crushed between a skidding cycle and guard posts at the east approach to the Irvine Bridge. His condition was critical for days.

State troopers are continuing their investigation into the operation of the car which turned left into the path of the motorcycle.

**Reading Papers Win Court Battle With Belligerent Mayor**

Reading (P)—Reading's two daily newspapers, the Eagle and Times, have won their first showdown tests with Mayor Daniel McDevitt, but they still were denied most of the traditional press privileges at City Hall.

The Berks County Court yesterday set aside the conviction of Charles H. Kessler, reporter for the morning Times, on a disorderly conduct charge. Kessler, who covers the City Hall-beat, was arrested July 9 on order of the mayor, taken before a police magistrate and fined \$50. As an appeal was taken, the fine wasn't paid.

The mayor suffered a further rebuff at the hands of city Solicitor C. Wilson Austin.

Shortly before Judge Warren K. Hess cleared Kessler of wrongdoing, Austin issued an order suspending 73 traffic violation charges brought against the jointly owned newspapers. He held that under the state motor vehicle code the trucks had violated no parking laws. He said a truck or car which stops for so short a while simply to unload cargo is not considered to be parking. Actually the mayor himself late last week called off the ticketing of the delivery trucks.

**Labor Squabble Causes Met To Cancel the 1956-1957 Season**

New York (P)—The Metropolitan Opera, famed old queen of American musical companies, canceled the 1956-57 season last night in a labor squabble.

It came in an argument over dual jobs held by Robert Herman, 31-year-old son of former Brooklyn Dodger baseball player Babe Herman.

Young Herman is an assistant stage director and also an assistant to the artistic director. He is a union member in the first job but not in the second.

He served as secretary to the management in long negotiations with the American Guild of Musical Artists AGMA earlier this year. The union threatened then to prefer charges against Herman for acting on behalf of management.

The Met replied that it would cancel the 1956-57 season if the union had not signed by last night both a contract and an agreement to drop charges against Herman. Last night the union, representing 220 singers and dancers among the Met's 500 employees, said it made a last-minute proposal to sign the contract and continue talks on the Herman issue later. But the company said no.

# Coast Contestants Winners of Biggest Net Prize in History

By BOB THOMAS

Hollywood (AP) — Because he trusted his wife, Steve Rowland has won what may be the biggest net earnings in the history of radio-TV jackpots.

Last night Steve and Dorothy Rowland came to the end of a fabulous string of victories on the CBS TV-show, "Do You Trust Your Wife?" For 14 weeks the Negro couple won the quiz show, earning 14 years of income at \$100 a week. Their total—including \$1,200 on the qualifying round—\$74,000.

Their earnings surpass the "64,000. Question" winners and even the hundred-granders on "The Big Surprise." The reason is obvious: The Rowlands can spread their tax over a 14-year period.

Their contribution to Uncle Sam depends on their income. Steve says he earns about \$8,000 yearly from a liquor store and as an insurance man.

Thus they stand to clear \$37,992 at present tax rates. For winning \$64,000 they would have cleared but \$24,532; and for winning \$100,000 but \$27,582.

"I felt just as happy the night we lost as I did the first night we won," said Rowland. The show was filmed five weeks ago. "I was just as happy to have the pressure removed."

It was a policeman who ended

the Rowlands' winning spree. Robert Vanaken, who patrols Los Angeles freeways in a helicopter, upset the Rowlands by guessing the population of more American cities correctly. He scored eight to Mrs. Rowland's six in guessing whether 10 cities were more or less than 500,000.

"The money won't change our lives," Rowland said after the contest. "We have put it all into a trust fund."

Most of it will go to the education of their children, Steve Jr., 13, and Nancy, 11. Rowland plans to continue with his businesses as usual.

# State Records Broken During Wattsburg Horse Pull Contest

The team belonging to Charles Fisher, Milford, Indiana, won the lightweight horse pull Saturday afternoon at the Great Lakes National Horse Pulling Contest on Wattsburg Fair Grounds.

Waterford Lions Club sponsored the event, attended by approximately 3,000 persons from a half-dozen states.

Fisher's team broke the state record and came close to the national mark for lightweight teams. The Hoosier team drew 3,500 pounds the required distance of 27 feet, six inches. State record is 3,150 pounds. This pull was the equivalent of drawing nine and one-half plows.

To illustrate the power, most farmers use two plows on their tractor, or perhaps three plows if it is a heavy duty outfit. Consequently, the horses drew a weight equal to three tractor loads, or a rolling load of 108 tons.

According to such figures, the team pulled an equivalent of 36 wagons, loaded three tons to a wagon, on a level, improved road.

Fanciers of draft horses were interested in the magnificent heavy horses that participated in the event. The Fowler Brothers, team weighed 5160 pounds; Oakleaf's team 4600; Cummings, 5000 pounds.

Moxley declared that this was the greatest field of teams that he had ever seen during his ten years of executive secretaryship of the National Association.

Wrote one experienced observer of the matches:

One unfamiliar with a horse pulling contest such as was conducted at Wattsburg Fair grounds would have marvelled at the manner in which the contest was conducted. Not a whip was used, and no horse was slapped with a line. Each team and their driver showed mutual understanding, they said. When the teams were brought to the dynamometer, they showed the spirit of a baseball player up to bat. When standing awaiting their turn, every team was as quiet as kittens.

# Folks Down Tidoute Way Are Making Plans for Centennial

Lenore N. McIntyre, chairman of the publicity committee, sends the following interesting reminder about plans for the Sesquicentennial celebration August 22-23-24-25 to mark the 100th anniversary of the founding of Tidoute: Tidoute is observing its one hundred fiftieth birthday anniversary this summer to be climaxed by a gala sesquicentennial celebration on August 22-23-24-25.

It was the year 1806 that the first white settler, one Richard Arters, established a permanent home at the mouth of Tidoute Creek which lies within the boundaries of the present borough. He was soon joined by others and thus a town was born.

The colorful, exciting events that followed in the wake of the first settlement, continuing through the years to the present day, will be portrayed in an historical pageant on Aug. 22-23.

During the past week, Tidoute has reached into the past for the atmosphere of by-gone days. Beards of every description are flourishing; top-hats and sunbonnets enliven the summertime scene of this little village.

From the many comely maidens of the community, one will be chosen to reign as Queen of the Sesquicentennial. Surrounded by her court attendants, the queen will be crowned in an impressive ceremony to officially open the celebration.

Many events have been planned to round out the four-day observance. There will be a flower show and antique display, a band concert, street dances, judging of the beards and bonnets, children's activities, baseball games, and, on the final night, a big parade.

The welcome mat is out in Tidoute and a friendly invitation is extended to friends and neighbors throughout the area to join in this gala celebration.

## Times Topics

### TWO KITTENS

A good home is sought for two male kittens, two months old, which are described as being fond of small children. Telephone Youngsville, 52473.

### GIANT MUSKY

An immense muskellunge was landed at Stoneboro Lake by Muri Tenny of that community. He got the big fish trolling about 9 p. m. It took him 20 minutes to land the 12-pounder, which measured 38 inches. The musky was the third largest to be taken from Stoneboro Lake this season. He used artificial bait, a plug on the order of a pike minnow.

### MARINE MEETING

All members of General Joseph Pendleton Detachment, Marine Corps League, are asked to be present for the regular meeting at The Box in Pleasant township Thursday evening and to be on hand promptly at 7:30 o'clock. Those who have new members to report are asked to bring them to this session and all Marines interested in joining the unit are welcome. Important business will include the award in the Bond-a-Month project, also discussion of the family picnic on August.

### LAKE SPRAYING PROJECT

Jamestown Sun William Bentley, aquatic biologist for the State Conservation Department's western fisheries of some rare good weather Tuesday to inspect part of the 338 acres of lake water chemically sprayed last week with weed killer and found the operation proving effective. Bentley not only checked progress of weed death but kept an eye peeled for dead fish. The chemical compound used in the treatment has been declared harmless to fish life by the Applied Bio-chemists & Associates, Inc., of Butler, Wis., which did the spraying job. Bentley said the checkup was routine. Dr. Julius S. Price, state district health officer, said Tuesday night that the only area thus far cleared for swimming and other use is at the Boy Scout camp on the west side of the lake just below Mayville. The sprayed area takes in those sections at and below the Mayville beach, all of Burtis Bay, and the stretch below Celoron as far down as the first bend of the Outlet.

Local sirens, horns or whistles publicly will sound the civil defense Take Cover signal sometime between 1:40 and 2:20 p. m., Daylight Time, on Friday. When you hear the warbling, or waiting, Take Cover signal, here's what you are expected to do: If you are indoors, pull the blinds and go to your designated place of shelter. If you are on the sidewalk, take cover in a nearby building. If you are driving your automobile, pull to one side and stop, leaving at least one traffic lane and all intersections open for use by emergency vehicles. Be sure you know what to do when you hear the warbling Take Cover signal Friday, July 20.

### WHEAT MARKETING QUOTA REFERENDUM

As noted in an article on page two of Tuesday's issue, Warren County farmers, along with other wheat producers in Pennsylvania, will vote Friday in the ASC office, second floor, Court House Annex, in the fourth national referendum to decide whether they want marketing quotas on the 1957 crop. The polls will be open at nine a. m., and close at nine p. m.

As explained in an Associated Press dispatch from Harrisburg, the referendum is called by the U. S. Agriculture secretary when the nation has abnormally large wheat supplies. The referendum will decide if there will be strict marketing controls and high price supports, or little control and low supports.

In Pennsylvania most farm observers look for the state's estimated 17,000 eligible wheat growers to turn down marketing quotas as they have done in every referendum so far.

To be eligible to vote in the referendum a producer must have more than 15 acres of wheat for harvest as grain in 1957. To put quotas into effect more than two-thirds of the total national vote must favor them in the referendum.

In previous votes, the nation's wheat producers have favored quotas by from 75 to 80 per cent, though the state's producers overwhelmingly voted against them.

If quotas are approved, producers who stay within their acreage allotments will be eligible for full level price support at between 75 and 90 per cent of parity. There would be penalties for excess production. U. S. Agriculture Secretary Benson has set the national average wheat price support for 1957 at \$2.00 a bushel.

If quotas are turned down, wheat price would be supported at 50 per cent of parity for farmers who stay within their acreage allotments. There would not be either any penalty for overproduction, or any price support.

Allotments have been set by the State Agricultural Stabilization and Conservation Committee for every farm in the state producing more than 15 acres of wheat.

### NEW "D DAY" FOR WARREN

Saturday will be "D Day" in Warren!

The running of the first annual Soap Box Derby is scheduled for Saturday afternoon on the Central Avenue Speedway and the public is cordially invited.

At present writing it appears that between fifty and seventy boys whose racing cars have passed the strict inspections of the examiners will compete for the Warren County Crown which means that the winner will go to Akron, Ohio, all expenses paid for four days and the opportunity to race in the All-American Soap Box Derby with its \$15,000 in college scholarships and other awards and honors as prizes.

One of the highlights of the preliminary planning for the Derby, which, incidentally, is another of the summer projects sponsored by the local Chapter of the Junior Chamber of Commerce, will be the exhibition of the impounded racers Friday evening between the hours of seven and nine o'clock, to which the public is cordially invited.

The Site, Ramp and Event committee engaged in planning for the Derby is busily engaged completing its part of the project. Snow fence is being erected along both sides of the Central Avenue raceway.

All that is needed to assure an exciting program with a mammoth crowd in attendance Saturday afternoon is favorable weather. Nothing has been left undone by the sponsors, Dan's Chevrolet, the Jaycees and Times-Mirror, to assure the success of the first annual Derby Day in Warren Saturday afternoon.

Better plan to be on hand!

### THOUGHTS FOR TODAY

## Souvenir Hunters Find Moscow Is No Place to Lose Your Shirt

BY DOUGLAS LARSEN AND KENNETH O. GILMORE  
NEA Staff Correspondents

WASHINGTON—(NEA)—Wooden—not paper—dolls are the only souvenirs Air Force officers could find to bring home from their recent trip to Russia with Air Force Chief of Staff Gen. Nathan Twining.

And as far as his colleagues know, Twining came back empty-handed. Among others, Brig. Gen. William H. Blanchard picked up a couple of the little egg-shaped dolls each of which opens up and has two smaller dolls inside.

Seems there just wasn't much to be had in the way of souvenirs in Moscow. One member of the party priced a white shirt and found it cost \$25. He settled for dolls, too.

**EVER WONDER WHAT** happened to that daring North Korean pilot who delivered a Russian MIG fighter plane to the U.S. forces in Korea three years ago and collected a \$100,000 reward?

Well right now Noh Keun Suk is a beach boy at the summer colony in Rehoboth, Del.

Setting up umbrellas and beach chairs is strictly a summer job for the former flier who has just finished his first year at the University of Delaware.

People still question him about his feat of slipping a MIG out from under the nose of the Reds. But at this stage he's proudest of his near straight A school record and the fact that he made dean's list.

**A MAJOR PART** of Washington's social hilarity rocks Rehoboth when the hot weather hits town. And it proves you can't keep down the diplomats and cocktail circuit makers even at the beach.

**OVER AT THE** Russian embassy they don't go in much for long vacations. Most of the staff save all their time for a three-month leave at home in Russia. At least that's the reason they give.

It's a safe bet the Reds don't join the embassy crowd at Rehoboth.

### 4-H CLUB SCHOLARSHIP GRADUATES MEET YANKEES' GERRY COLEMAN

Nineteen young agricultural students, who have just graduated from college with the help of Esso 4-H Club Scholarships, met infielder Gerry Coleman of the New York Yankees. The young men were recent guests of Esso Standard Oil Company on a tour of New York City to celebrate the completion of their education. A highlight of the week's visit was a chance to meet Coleman and other Yankee stars prior to a ball game at Yankee Stadium.

## HERE and THERE

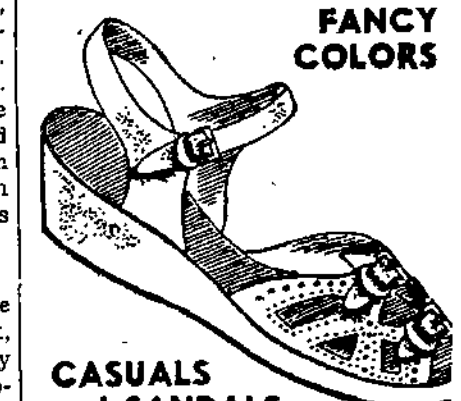

"The Greatest Show on Earth" has come and gone but the memory of its last two visits in Warren will linger on for many years. News that the circus had folded after the performances in Pittsburgh Monday night created surprise and regret throughout the nation, if not the world. This recapitulation of the troubles encountered by the Circus since it "hit the road" early in the spring, was carried in one of the Associated Press stories Tuesday: John Ringling, last of the five founding brothers, died in 1936 and the circus soon began experiencing difficulties. Labor troubles forced the circus to close in 1938 at Scranton, Pa., and return to winter quarters for the season. Internal troubles flared up. Several time management changes hands. Then on July 1, 1944, came one of the biggest blows. Panic broke out when a fire started in the big top in Hartford, Conn. One hundred and sixty-eight persons died and 487 were injured in the ensuing stampede.

In the next 10 years the circus paid out some four million dollars in damage claims. Some officials went to jail. North, head of the circus for most of the years since the death of his uncle John Ringling, rounded up some of the greatest performers in the world, air-conditioned the big top and made many innovations. But troubles continued to mount. Patronage declined. Unions pressed for recognition. Feuds developed and key personnel resigned. Lots big enough to accommodate the huge tent became scarce, and the circus had to set up on the outskirts of cities. Recently, bad weather and injuries plagued the circus. It was against this background that North decided to call it quits on the "Sawdust Trail."

Down at Hollidaysburg recently a girly-girly show, part of a carnival for the Plank Road Business Men's Association celebration, got a bit too girly. Eleven of the troupeurs pleaded guilty before Judge John M. Klepper here to charges of conducting an indecent show and were fined from \$25 or ten days each to \$200 or 300 days for Daniel DelGrosso, of Altoona, business manager, and John J. Viconia, of Miami, Fla., the owner. The troupe's attorney, John E. Myers, of Altoona, contended the local sponsors of the carnival did not acquaint the performers with the type of shows permitted in Blair County, which, he said, has unusually rigid moral standards.

Don't forget Friday's nationwide civil defense test. During the test, local sirens, horns or whistles may sound the long, steady, non-varying Alert, or Attention, signal several times. Whenever you hear the Alert, or Attention, signal, be sure to listen for emergency information and instructions broadcast by this station.

10 South State Street  
NORTH WARREN, PENNSYLVANIA

Many families in this vicinity will gladly tell you that KUHRE'S AMANA FOOD PLAN can save you from four to ten dollars or more per week. You may have heard some of our customers happily boast that they are getting Choice Grade, U. S. Inspected Top Label porter house, sirloin, round and T-Bone steaks, roll roasts and other cuts of meat at a big saving.

We also furnish High Grade veal, lamb, pork, fowl, fish and various vegetables, fruits, fruit juices, as well as many other nationally advertised grocery item, at a surprising savings to you. You get free delivery to your door.

The benefits of KUHRE'S FOOD PLAN may be obtained as follows:

**FOR A MINIMUM DOWN PAYMENT OF TEN DOLLARS** we will place a New AMANA STORMOR FREEZER Plus a six months supply of food of YOUR CHOICE in your home and give you the privilege of making your payments for both on a weekly or monthly basis. BUT this is not the important part—The payments for the groceries and the freezer will not exceed what you are now paying for groceries alone at the retail stores. At the end of 24 months the Freezer automatically becomes yours and from then on you pocket all the savings. The privilege of buying food at quantity discount prices is yours indefinitely.

Having a Freezer Full of Food is like having a "Super-Market" right in the home. You save time and gas and spare yourself the tiresome waiting in lines and carrying big bundles. Life is made more pleasant for mother, who finds it easier to "make ends meet" and to prepare well-balanced nutritional meals. No more single pie baking. Cook meals ahead. Bake in batches. Readers Digest says marketing time is cut 75% and meal preparation cut 25%.

## Many Reunions On Island Park

Youngsville-Island Park continues one of the most popular recreation spots in the area, particularly for those planning family reunions. Three such groups gathered there Sunday were as follows:

Members of the Gilbert family had a get-together which started with a tureen dinner at noon. Members were present from Jamestown, N. Y.; Caldwell, N. J.; Union City, Conn.; Titusville, Pittsfield and Youngsville. It was decided to hold next year's reunion at the same place on the third Sunday in July.

Also enjoying a tureen dinner at noontime were members of the Westfall family, with 60 persons coming from many neighboring communities. Officers elected for the coming year were: President, Leonard Westfall, and vice presi-

dent, Glen Westfall, both of Tidoute; secretary, Mary Martin of Grand Valley, reelected; treasurer, Teresa Mills, Irvine. Reports showed four marriages, several births and deaths. A social time included games for the children. It was decided to meet at the same place next year, the date the third Sunday in July.

At 1:30 p. m., 60 members of the Henning family sat down to a reunion tureen, coming from Mt. Vernon, O.; Gerry, N. Y.; Corapolis, Oil City, Meadville, Warren, Chancellors Valley, and Youngsville. Afterwards, the men enjoyed a ball game, the children played games, and others visited and renewed acquaintances.

LESSLEY KAY DECKER

Daughter of Mr. and Mrs. John Decker of Clarendon Heights, will present a piano recital at 8:00 p. m. Thursday in the YWCA activities building and extends a cordial invitation to all interested friends.

Piano pupils of Miss Lillian Swanson of Youngsville. Lessley was a member of this year's Warren High School graduating class, serving as one of the accompanists for the A Cappella Choir and Orchestra and appearing on many school and community programs. A member of National Honor Society, she served on the Dragonette board for two years; was a member of German and Latin Clubs. Dramatic Club activities included working on the Evening of Plays, Junior and Senior plays. Another activity was membership in the Y-Teens. Planning to major in chemistry, she will enter Purdue University in the fall.

Assisting Miss Decker tomorrow evening will be Arthur Briggs, popular soloist and able violin instructor. Early a pupil of the late Prof. R. O. Suter of Warren, he has done later studies with Reber Johnson at Oberlin, with Jan Wolanck in Buffalo, and with Mischa Mischakoff at Chautauqua.

## Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching smarting piles. It brought such quick, cooling, soothing, astringent relief that its fame spread across the land making Peterson's Ointment a favorite in thousands of homes. Ask your druggist today for 50c box or 75c applicator tube. Peterson's Ointment delights or money back.

## MYF Caravan Group

Enjoying the unique experiences of a "caravaning" trip to Northern New York Conference were four members of the First Methodist Youth Fellowship and their advisor, Evelyn Curtis. Reading clockwise from the left are Linda Barner, Sandra Lundgren, Miss Curtis, and C. C. Curtis.

Four members of First Methodist Youth Fellowship, Karen Culbertson, Jane Carter, Sandra Lundgren and Linda Barner, composed a Vacation Church School Caravan which visited the On/Wego United Parish in the Northern New York Conference July 7-14.

Accompanied by the director of religious education, Miss Evelyn Curtis, the young people assisted with the Vacation Church School program of the Westdale Federated church of that parish.

Karen Culbertson and Jane Carter had charge of the primary department; Sandra Lundgren and Linda Barner assisted Miss Curtis with the junior work. Following daily discussion sessions, the group assembled nightly to evaluate the work and plan the next day's activities, and concluded with Evening Vespers.

One of the highlights of the week was a Variety Show and ice cream social sponsored by the parish Youth Fellowship, with the Warren group, and a few friends they had made comprising a "real gone rhythm band" for the program.

Extra-curricular activities included attending three church services in the parish; calling in homes of the pupils; swimming; a visit to a migrant camp to play games with the children; a trip to Camp Aldesgate, Northern New York Methodist Youth Camp at Brantingham; cruise through the Thousand Islands; and a guided tour of a local farmer's barn to witness milking of a fine herd of dairy cows.

The group camped in the Westdale parish house, where members did their own cooking, except when they were so fortunate as to have invitations to eat in the homes of

their new friends. Total cost of the trip of nearly 1,000 miles, including the cruise, ice cream and candy treats, and gasoline for the trip, was \$11.57 per person.

The "Caravan" returned to Warren with many happy memories, new friends, a vision of service, and a desire to stay longer next time.

## DOWN ONE CLUB

This week's session of Down One Club, 8:00 p. m. Friday in the Jamestown American Legion Home, will be the monthly Master Point game, with full points accorded the winners and fractionals given runners-up. All area players are welcome.

A six-table game was held last Friday night, R. H. Larsen conducting the Howell movement, and the following recording top scores: Mrs. Robert Patterson, Pasadena, Calif., and Mrs. James Stafford, 62½; Mrs. Harry Hendrickson and Mrs. C. Ross Beatty, 60½; Mr. and Mrs. C. N. Coleman, Texas, 60; A. J. Roth and Mr. Larsen, 57½. Average was 45.

## RECEPTION GIVEN FOR NEWLYWEDS

Youngsville—Mr. and Mrs. Wade Ransom gave a reception at the National Forge clubhouse in Irvine Saturday evening to honor their daughter and husband, Mr. and Mrs. John R. Quinn, recently married. About 50 friends were present to extend congratulations and best wishes.

Assisting were Mr. and Mrs. Harland McAllister, with Mrs. Laura Wing, grandmother of the bride, cutting the cake; a cousin, Mrs. Harry Edgar Bonner, Port Allegany, pouring coffee; and the

Prepare Now to Escape Lonesome Sunset Years

If you have become so completely absorbed in your children that they are about all you and your husband have in common these days what is going to happen to your marriage when the children grow up and leave home?

You should be facing that day right now. In a recent talk about the "second half" of a woman's life a University of Michigan psychologist made a statement that should cause a lot of younger women to stop and think.

She said: "Even the women who are not widowed by the average age of 51 have a problem in keeping a close bond with their husbands after the last child leaves the home. In this 'empty nest' stage the couple find they have lost their closest common interest—the centering of their daily lives in their children."

Why should a woman wait until the nest is empty to face the problem of what her marriage is going to be like once the children are grown and gone from home?

## SELL AN OPPORTUNITY TO AVOID IT

WOULDN'T she be smarter to face that situation long before she ever reaches it? Shouldn't she do all in her power to see that she and her husband aren't two lonely strangers when they become "retired parents"?

Then she would see the danger of making the children her whole life in time to avoid it.

She would realize that even while she is being a good mother, she must not forget the importance of being an understanding, companionable wife.

Also, she would see the necessity for keeping up an active social life that includes her husband instead of living vicariously through her children's parties, dates, defeats and triumphs.

A couple need more—lots more—in common than their children. And this applies even when the children are at the most demanding ages.

Through the years they must have shared other interests, built up a circle of friends, made plans for the later years, and realized fully that their life together wouldn't always be centered around the children.

## Proper Kitchen Flooring Can Ease Homemaking

BY KAY SHERWOOD  
NEA Staff Writer

NO one keeps in closer touch with the kitchen floor than the little woman who sweeps, scrubs and waxes it. When the question of replacing old flooring arises, she's the one who must make the decision. The time to appraise the situation, in my opinion, is while the weather is pleasant.

In a busy household it's less inconvenient to tear up the kitchen when cooking can be kept to a minimum and family dining can be directed outdoors.

MANY FINE, hard-surfaced flooring materials are available but the decorative appeal of a new pattern is not sufficient reason for most of us to rip up the old floor and install a new one. Other factors are more important.

When I took an objective look at my kitchen floor recently, the general condition of the old surface showed signs of deterioration.

The material was wearing down at the sink, the mixing center and in front of the stove. Cracks along the baseboard and loose, brittle tiles that fail to stay recommended also signal deterioration. Loose tiles or edges can trip you up.

As dangerous, especially when small children are playing on the floor, are the dirt and food particles that sift into the crevices, making a thorough cleaning almost impossible.

YOU MAY NOTE, as I did, that washing and waxing the

Man-most-in-touch with kitchen floor situation is baby. Resilient rubber tile is an investment in sanitation, safety and housekeeping ease.

surface requires greater effort to wash and wax. A new floor surface (I sliced a half hour off the old time) but the job doesn't need to be done so often. Be-

cause wax adheres more smoothly and evenly, damp mopping restores a clean shine.

Another factor to consider, particularly in an older home, is what decorative benefits can be gained by resurfacing the kitchen floor.

Our old floor, for example, combined a light center with a dark border which underlined all the room's architectural defects and made the area seem cramped.

A new, resilient surface in a light-toned, agate-like mixture of beige and brown from wall to wall brightens the old-fashioned kitchen and makes it appear more spacious and up-to-date.

FOOTPRINTS and general soil don't show up any worse against the lighter background than they did against the darker one. And it's considerably easier for me to see the food spills so that I can mop up promptly.

Cost of installing a new floor covering will vary with the material selected and whether or not you hire professional help to lay it.

Comparison shopping, personal preference, your budget, your skill and the type and condition of the sub-flooring will influence your decision. Floor covering manufacturers and dealers do caution that long and satisfactory service of the top dressing depends a good deal on the careful preparation of the underfloor.

ALMOST ALL the manufacturers issue instructions for installing their various products which you should study whether you tackle the job yourself or supervise the professionals.

## YOUNGVILLE

Youngsville—Mrs. Mildred Clark entertained Past Masters of Youngsville Chapter, Order of Eastern Star, for a pleasant tureen dinner at her home. Canasta prizes for the evening were awarded to Mrs. L. L. Johnson and Mrs. Ernest Hendrickson. Attending the Archie Jackson

family reunion Sunday at the home of Mr. and Mrs. Francis Desherer at Tryonville were Mrs. Frank Martin, Mr. and Mrs. Alvan Jackson and two children, Mr. and Mrs. Paul Jackson and children, Mr. and Mrs. Roderick Jackson and children, Mr. and Mrs. Don McKinney and children, Youngsville; Mr. and Mrs. Fritz Abel, Buffalo, N. Y. "Bud" Jones and a friend visited his parents, Mr. and Mrs. Warren Jones, over the weekend. Mr. and Mrs. William Clark en-

tertained his sister, Mrs. Robert Hess, her husband and three daughters from Gibsonia on Saturday.

MRS. ROBERT E. WILCOX —Stokes Studio

Patricia Jean, daughter of Mr. and Mrs. T. J. McFarland of 205 Frank street, became the bride of Robert E. Wilcox, son of Mr. and Mrs. R. H. Wilcox, 200 Crescent Park, in a double ring ceremony performed by Father M. E. Dailey at 10:00 a. m. July 14 in Holy Redeemer church.

Vases of white glads, carnations and pom poms decorated the altar for the nuptials Evelyn Donnelly was at the organ and Joseph Guifre sang "Ave Maria", "O Lord, I

Am Not Worthy" and "Mother Art Thy Feet".

Escorted by her father, the bride was attractively gowned in white nylon tulle and rosepoint lace over a double ring ceremony performed by Father M. E. Dailey at 10:00 a. m. July 14 in Holy Redeemer church. The bride's dress was styled with basque waistline, off-the-shoulder illusion, with narrow banding of scalloped lace at the high neckline, long fitted sleeves coming to points over the hands, and bouffant floor length skirt with cascades of lace appliqued down the sides. Her fingertip veil of silk illusion was caught to a regal tiara of seed pearls and her single strand pearl necklace was the bridegroom's gift.

The maid of honor, Marie McFarland of Perrysburg, N. Y., was gowned in petal pink nylon chiffon fashioned with basque bodice, off-the-shoulder neckline, tiny cap sleeves, and bouffant ballerina skirt falling from a slightly elongated waistline. Short taffeta mitts and head bandeau of matching tulle leaves completed her outfit. The bridesmaids, Maxine McIlwain of Franklin and Jane Long of Meadville, were similarly outfitted in ballet blue, and all carried matching colonial bouquets.

Charles Warriner was his nephew's best man; ushers were Joseph Acks and Richard Nielsen.

Mrs. McFarland wore navy accessories and white florabunda roses with pink nylon lace. Mrs. Wilcox chose blue embroidered cotton, beige accessories and yellow roses.

The wedding breakfast followed at the Blue and White Restaurant

and the reception was held from 1:00 until 3:00 p. m. at the YWCA. Appointments featured pink and white wedding bells, with table bouquets of pink and white sweet peas and carnations. Mrs. Joseph Acks and Mrs. Merle Greenawalt served the four-tier cake, topped with miniature bride couple; Jessie Faulkner and Norma Enner were at the punch bowl; Connie Miner was in charge of the guest book.

Among the 200 guests were relatives and friends from Buffalo, Dunkirk and Perrysburg, N. Y.; Meadville, Franklin, Kane, and Bloomsburg.

After a wedding trip to New Orleans, La., the couple will live at 215 Fourth avenue. For travel, the bride chose a black and white linen sheath and duster, with red accessories and matching rose corsage.

The bride is a graduate of Warren High and Buffalo General Hospital School of nursing, attended University of Buffalo, and is on the staff of Warren State Hospital. Mr. Wilcox, also a Warren High alumnus, is a Sylvania employee.

Pre-nuptial parties were given by Mrs. Joseph Acks, Mrs. Albert Foy, Mrs. Edwin Streich, Mrs. R. H. Wilcox, Mrs. Edward Warriner, Mrs. Charles Warriner, and the bride's co-workers. The rehearsal party was given at Schwab's Cottage Kitchen by the Wilcox family.

### Teens

## Diet Now

BY ALICIA HART, NEA Beauty Editor

THERE are diets and diets. And never does a chubby teenager regret passing all of them by more than she does in summertime.

Knee pants are too tight in the seat. Bathing suits don't reach one's legs. Fluffy, light dresses make one look like an ambulatory meringue.

"Next fall," says the chubby teen-ager, as she sadly buys a woman's size 18 bathing suit and a pair of blue jeans that drag on the floor, "next fall I'll lose weight so I won't have to go through another summer like this."

Summer is a wonderful time to diet.

There are lots of physical activities that help muscles develop and keep things firm as the weight is peeled off. Hot weather takes some persons' appetites. Perspiration helps the battle.

Salads are on everyone's menus. Substitute fruit juices for soda. Substitute skim milk or buttermilk for whole milk. Substitute lemon juice and salt for salad dressings. Myriad fresh fruits are available to replace gooey desserts. Carrot sticks and celery do well for afternoon snacks.

And, if all goes well, the reward could be fitting into a small bathing suit that will surely be on sale near the end of the season.

### Betrothals

Mr. and Mrs. Burton Reynolds, Route 3, Staunton, Va., and formerly of Busti, N. Y., announce the engagement of their younger daughter, Golda, to Clifford Rapp, son of Mr. and Mrs. George Rapp of Russell RD 2. Miss Reynolds, 1955 graduate of Southwestern Central High at Lakewood, is employed by the Beverly Book Co., in Staunton. Mr. Rapp, graduated the same year from Northern Area High at Sugar Grove, is a Flickinger Co. employee in Jamestown. No date has been set for the wedding.

+

Mr. and Mrs. John Leonard, 9 West Third avenue, announce the engagement of their daughter, Patricia Ann, to Richard E. Hansen, of Russell. Miss Leonard was a member of this year's Warren High graduating class and is employed by New Process Company. Mr. Hansen, recently discharged from the Army, is a Penn Furnace and Iron Co. employee. No date has been set for the wedding.

## Warren High Class of 1936 Has Twenty-Year Reunion

Most of the 200 persons gathered at the Marconi Outing Club Saturday afternoon and evening for the 20-year reunion of the Warren High School Class of 1936 took time out to assemble on the lawn for the above McIntosh Studio photograph. The delightful affair, which attracted members from as far away as California, Texas and Oklahoma, included dinner, an in-

formal program, and dancing. There were prizes for many during the program emceed by Wendell Lawson, who also served as general chairman of the affair, and brief remarks were heard from the class officers, William Walker, Mary Ellen Ostergard Lutz, Jean Blodgett Rossman, and James Miller. Members voted another get-together in five years.

## Party Dresses Are Not Suitable for Traveling

BY ALICIA HART, NEA Beauty Editor

WHAT to wear while traveling depends on how one is traveling and how long one is going to be en route. But many women who travel demonstrate that they are misunderstanding the basic idea of traveling clothes.

In some sections of the country, it is quite usual to dress elegantly when on a train or plane. A good hat, a well-fitted suit and a new handbag are customary in these sections.

In other sections of the country, one travels in slacks or blue jeans and gets dressed up at the destination.

But in neither of these cases should one dress, either on the train or just before arrival, in party clothes.

Party clothes are not for traveling. Not only are they highly unsuitable-looking, but they are uncomfortable and get

in the way of the other passengers.

Typical examples of this awkwardness were demonstrated on a recent trip. Several young women wore their newest party dresses and what must have been a total of 20 petticoats. Every time they walked down the train aisle, their dresses brushed the passengers and twice they woke persons who were sleeping.

One little girl had been dressed by her mother in her best taffeta party dress. Not too surprisingly, the dress was spotted with water at the water fountain and the whole car had to witness the child's spanking. Had she worn a dressed-up cotton, the mother wouldn't have worried.

A floppy party hat makes the going hard in a crowded vestibule. Spike heels are perilous when a train is in motion.

Whatever one wears for travel, it shouldn't be party clothes.

### Gathered From The Party Line

Mrs. A. A. Grant, Sugar Grove, is serving as one of the co-chairmen of booths for the third annual fair being held tomorrow by the Women's Auxiliary of Jamestown General Hospital.

1st Lt. and Mrs. A. L. Allen, with daughters, Patty Jean, Anita and Sally, of the Marine Corps Training Center, Twenty-nine Palms, Calif., are visiting Mrs. Allen's parents, Mr. and Mrs. M. L. Jordan, 120 East Wayne street.

Harold L. Mack, AD-1, accompanied by his wife and daughters, Paula and Pamela, has returned to Norfolk, Va., after spending a 25-day leave visiting his parents, Mr. and Mrs. V. L. Mack, Stoneham, and her parents, Mr. and Mrs. Ray Bennett, Russell RD 1.

Mrs. John A. Miller and daughter, Stephanie, Norfolk, Va., are visiting Mrs. Miller's parents, Mr. and Mrs. Marshall Storum, 201 Jackson avenue.

Mr. and Mrs. Joseph Rotolo and family, Brooklyn, N. Y., are guests of Mr. and Mrs. John Scott, Russell.

Mrs. Mary Lawson and daughter, Mrs. Magdalene Siggins, New Court Place, have arrived home after vacationing at Bemis Point, N. Y.

A. W. "Rang" Nelson, Bradenton Beach, Fla., is the guest of relatives and friends in Warren.

#### LAD DROWNS

William J. Miller, aged 16, of Cochran, RD 2, drowned last night in Sandy Creek despite efforts of his 14-year-old brother and another youth to rescue him. Miller was trying to swim across the creek in Sandy township near Sheakleyville, in Mercer county.

The grounds of the Warren State Hospital, providing pleasant entertainment for patients and employees, and proving valuable training for members of the Corps because of the unlimited parading facilities.

The Corps will appear next on June 29th at the Moose Summer Home, Chautauque Lake, also on August 11 at Cambridge Springs.

### Attention Hot Stove Managers

Clifford Terry, Hot Stove representative for the Kiwanis-sponsored "All-Star" games August 11 at War Memorial Field, requests that any Hot Stove managers who have not yet submitted names of boys selected as "All-Stars" from their team to do so as soon as possible.

Those directing the Kiwanis benefit wish to be extremely careful not to hurt the pride of any youthful players. It is suggested that perhaps a ballot among the Hot Stove teammates themselves would solve the ticklish situation.

Lists of all-stars should be with Mr. Terry no later than July 21 so other necessary arrangements may be made. Address is 119 Sixth avenue.

A bulletin explaining the coming "All-Star" afternoon of games has been sent each manager, requesting him to, among other things, pick the following number of players:

1. Bantams—east and west divisions, two players each.
2. Midgets—east and west divisions, two players.
3. Cadets—two from east and three from west.
4. Intermediates—three players from each team.
5. Juniors—six players from each team.

The three stars of "Trapeze," Burt Lancaster, Gina Lollobrigida and Tony Curtis, prepare to go aloft to perform their startling aerialist act "Trapeze," filmed in CinemaScope and color, a Hecht-Lancaster production, opens Friday at the Library Theatre through United Artists release.

### Wed in Candlelight Rite

A candlelight ceremony in First Methodist church at 2:00 p. m. July 14 united in marriage JoAnn Smith, daughter of Mr. and Mrs. Leslie P. Smith of 209 McPherson street, and Charles Howard Paterson, son of Mr. and Mrs. Neil D. Paterson of 422 Pennsylvania avenue, east.

Dr. A. Culmer Schultz read the double ring service in a setting of palms, white glads and mums. George A. Johnson was at the organ and Robert E. Dietsch sang "Through the Years" and "I Love You Truly."

Carrying a white prayer book with white orchid and ivy spray, the bride wore a waltz length bouffant dress of nylon net, the bodice of chantilly lace over satin, a sabrina neckline and cap sleeves. A tiara, with seed pearl trim, held her fingertip veil, her pearl earrings were the bridegroom's gift, and white mitts completed her outfit.

She was given in marriage by her father and attended by Mrs. Raymond Ristau, the matron of honor wearing yellow net over taffeta, with daisy trim, and carrying a cascade of yellow daisies.

—Mahan Photo  
MRS. C. H. PATERSON

Betsy Coates, as flower girl, wore white net over taffeta, with hand-embroidered roses, and headband of white feathers and roses. Her flowers were a basket of rose petals.

Completing the bridal party, Thomas Mooney was best man; ushers were the bride's brothers, Monroe H. Smith, Dunkirk, N. Y., and Gale L. Smith, Philadelphia, with Charles Barrett.

Wearing cymbidium orchids, the bride's mother chose beige French veiled with matching accessories and corsage; Mrs. Paterson was in Dior blue lace, with mauve accessories and rose colored flowers.

Mrs. Charles Eaton played during the reception held in Dunham parlors of the church and Mrs. Richard Betts managed the guest book. Jean Pierce poured, Charlotte Smith and Mrs. Lloyd Smith served the wedding cake.

Out the town guests were from Cleveland and Oxford, O.; Eden, Dunkirk and Niagara Falls, N. Y.; Bradford, Ridgway, Erie, Pittsburgh, Meadville, and Philadelphia.

For a wedding trip through Canada, the bride chose an outfit of beige glazed cotton, white accessories and her white orchid. After August 1, the newlyweds will be at home at 14841 Elderwood avenue, Cleveland.

A granddaughter of Mrs. M. T. Smith and the late Dr. Smith, the bride was graduated from Warren High School in 1950 and has been employed by Thomas Flexible Coupling Company.

Mr. Paterson, 1946 graduate of Warren High and alumnus of Allegheny College with the Class of '50, served two years in the Navy and is presently employed as an assistant national bank examiner.

Since the announcement party given by her aunts, Mrs. Lloyd Smith and Charlotte Smith the bride-elect has been honored with a family breakfast given by Mrs. N. D. Paterson and Mrs. Charles Barrett, and with other affairs given by Mrs. A. F. Dunham, Mrs. Rodney Riker, Mrs. Daisy Branch, Rose Maybank, Mrs. Raymond Ristau, Mrs. Richard Betts, Mrs. Leroy Johnson. The senior Patersons gave the rehearsal dinner at the TWCA.

#### EAGLES' AUXILIARY

At the regular meeting of Eagles' Auxiliary, Conewango 313, held last night, Ruth Still presided and Pauline Covert won the attendance award. Agnes Bailey won the cake and a delicious lunch was served in conclusion. The birthday dinner for July birthdays was planned for Tuesday, July 24, at 6:30, and all members are requested to bring a turkey.

### Auxiliary Sends Representatives To Convention

Chief Conplanter Unit 135, American Legion Auxiliary, is being well represented at the Auxiliary's state convention which opens in Philadelphia today and continues through Saturday.

Mrs. Milton Witz, western director, and Mrs. Perry McDannel, elected delegate, left Sunday afternoon, the former attending executive board sessions Monday and Tuesday.

Other official delegates are Mrs. J. G. Kiernan, unit president, and Mrs. Guy Albaugh, secretary, who left early this morning to be present for afternoon registrations.

Mrs. Alan Buerkle, as Inter-County Council president, will represent Warren, Elk, Forest and McKean counties and will also serve as one of the sergeants-at-arms for the convention.

The annual state or department convention is the most important event of the year for the Auxiliary, reports of officers and committees reviewing the work of the past year and presenting recommendations for the year ahead.

Delegates, in addition to voting for the unit in convention sessions, vote on resolutions which will guide the future activities of the state's 84,086 Auxiliary members.

Convention sessions and social affairs are open to all members, so that as many as possible may see how the business of the state organization is conducted, hear addresses of officers and guest speakers, and take part in the feature events which make conventions enjoyable as well as important.

Concluding events this year will be election on Friday of state officers for the year 1956-57 and their installation Saturday morning.

#### WBA SUPPER-MEETING

Following a six o'clock dinner Thursday evening in S. F. of A. Hall, members of West Review No. 4, WBA, will convene their regular business session at 8:00 o'clock and all are asked to be on hand.

Both of the two new civil defense public action signals will be heard during Friday's nationwide civil defense test. Whenever you hear the long, steady, non-warbling Alert, or Attention, signal, listen for emergency information and instructions. Whenever you hear the warbling, or warning, Take Cover signal, seek shelter immediately.

American Legion Drum and Bugle Corps, organized in the fall of 1953 with 15 men, now boasts a complement of 40 men. ## Campus Shirts Take On New Hues

BY GAIL DUGAS  
NEA Women's Editor

NEW YORK — (NEA) — Fashions come and go, but in the life of a college girl, the shirt and the sweater are permanent. Whoever heard of a co-ed without them?

But while the shirt may be a fixture, it doesn't retain the same old look year in and year out. Each season sees changes, just as there have been enormous changes in sweater styles in recent seasons.

It was so long ago that shirts (on the campus, at least) were just exactly that. They were copied from men's shirts and sometimes the girls wore men's shirts which they bought or borrowed. Usually, the shirt was topped with a nondescript cardigan, something a little out at the elbows.

All of that has changed. The look on the campus this fall will be a spruce one. We demonstrate here with two shirts (both budget-priced) that offer smart styling and high fashion colors.

Satin striped broadcloth shirt (left) is in autumnal shades of bottle and celadon green on

white. There's an Italian wing collar. Tile motif is printed (right)

in subtle shades of golden-hued greens and yellow blended with navy blue. This shirt is in a silky textured cotton, has three-quarter length sleeves with French cuffs.

## Young Accident Victims Are Still Unconscious

The Oviatt children still lay unconscious in Warren General Hospital today, a week after they were struck down by a passing motorist as they ran onto the road in Wrightsville from behind their grandfather's car.

A hospital spokesman said five-year-old Nancy Oviatt might be just a little bit better, but six-year-old Roger's condition remains the same. Both were listed as critical following the accident.

Parents are Mr. and Mrs. Robert Oviatt of Spartansburg.

## Vacancy Is Filled On Youngsville Council

Youngsville—At a special meeting of Borough Council, held Monday evening, members received and accepted the resignation of Lavern W. Hull, who has moved to Warren.

To fill the vacancy, Dale "Bud" Shaffer, East Main street, was appointed and sworn in to serve the unexpired term of Mr. Hull.

Other business included a motion picture showing a resolution making application to the Department of Highways for an allocation of \$850.29 available and to be used for work on drainage projects.

## Times Topics

### IN THE MOUNTAINS

Johnny Mead of 101 Lookout Street is vacationing in the Adirondack Mountains this week after spending a few days in New York City where he watched a New York Yankee-Cleveland Indian baseball game.

### MARRIAGE LICENSES

Register and Recorder Gurney Ball has received recent marriage applications from Leslie J. Nelson and Dorothy Anne Johnson, both of Lakewood; Clyde L. Hull of Falconer and Ingeborg A. Beach of Jamestown; Samuel Benjamin Embrey of R. D. 2, Sheffield, and Birdy May Cooper of New Castle; Thomas Evans Offerle and Suzanne Adelaide Lesser, both of Warren; Charles Ronald Gadsby and Nancy Ruth Angus, both of Clarendon; James Eugene Reilly and Celis Ann Toscano, both of Warren; Roland Frederick Hall and Cecile Bessie Littlebrant, both of Gowanda; Dale Richard Hunter of Endeavor and Phyllis Bernice Vandervort of Warren.

### TWO MISHAPS

State troopers investigated two additional motor vehicle accidents yesterday. At 6:15 p. m. westbound and eastbound vehicles driven by Fred L. Lindell, 42, of RD 2, Russell, and John Christensen, Jr., 20, of Russell respectively, sideswiped on a curve on the Lower's Lane Road. At 11:50 p. m. Clinton Bevier, 22, of RD 2, Pleasantville, attempted to miss a deer which crossed in his path on Route 62 about eight miles south of Warren. In the resultant slew, Bevier's machine hit the deer anyway and then rolled over. He was shaken up but not injured.

### EMERGENCY WARD

Many emergencies received treatment at Warren General Hospital emergency ward yesterday, including the following: Shirley Egan, Clarendon, contusion of right foot. Richard Guiley, RD 1, injured left side of his chest. Theodore Peterson, Warren, lacerated his right first finger. G. E. Gnagney, Conewango avenue, lacerated the left thumb. Alton Cody, Pittsfield, injured his chest. Clarence Stout, Irvine, sustained multiple lacerations of the left arm. Richard Smith, North Warren, received burns of the left leg. Ralph Veights, 9 Melrose Place, lacerated his left wrist. David Benedict, Pittsfield, sustained a laceration over his right eye. Gary Lyon, Youngville, sprained his left ankle. William Elchitz, 407 Water street, received a contusion of his right ankle and left shoulder. John Stapp, Jr., Clarendon, fractured his left forearm. Howard L. Tom, 223 Oak Avenue, sustained a contusion of the left ankle. Edward Van Oort, RD 2, Akeley, received multiple lacerations and contusions of the body. Maude Fuller, Kansas, fractured her right arm.

## New Benefits

(From Page One)

George for getting the disability provision into the bill.

Under the disability plan, an estimated 250,000 persons would draw the payments averaging about \$75 a month in the first year. They would have to meet strict requirements of coverage under Social Security, and their disability must last six months before they are eligible for benefits.

The lowered retirement age for women also is a trail-breaking provision. It marks the first time that the age 65 retirement deadline has been broken since Social Security started in 1935.

A wife retiring at 62 would get 75 per cent of her age 65 benefit; a working woman doing the same would get 80 per cent. For each month beyond 62 that they delay retirement, they would get an increased benefit on a graduated scale.

The Senate bill provides for a half per cent tax boost, split between the employer and employee. This is to finance the disability program.

## Child in Back Seat Is Blamed for Accident

A young lady who turned to make sure a child in the back seat of the automobile was all right, died both a disfavor yesterday afternoon as the car veered into a vehicle along the curb.

Arlene Clark, 20, of 13 1/2 Main Street, North Warren, told police she was heading north on Canton Street about 2:37 p. m. yesterday when she turned to look at the baby.

The machine rammed into the rear of a parked car owned by Elmer Pearson of St. Petersburg, Fla., who is staying at 12 Canton Street. Damage of \$250 was inflicted on the Clark machine and \$150 to the parked car.

## 30,900 Pennsylvanians Idled by Steel Strike

Harrisburg (AP)—The State Labor and Industry Department reports 30,900 Pennsylvanians now are idled due to the steel strike which began July 1.

The department reported yesterday that an additional 1,700 workers were idled between Friday and Monday of this week as a result of the strike.

Of the total unemployed because of the contract disagreement, the department said 25,800 are in non-manufacturing industries and 4,100 are in manufacturing industries.

## Miss United States Is Being Selected Today

Long Beach, Calif. (AP)—Miss United States will be selected today from among 16 girls chosen as the outstanding American beauties at the Miss Universe contest.

The stage was set for her selection when the original list of 43 American girls was whittled down last night by a panel of judges.

Whoever emerges tonight will be pitted against 29 girls from foreign countries in the competition to pick Miss Universe. The final selection will be made Friday night.

## Paint Experts Refute Clare Boothe Luce Tale

New York (AP)—The paints in our home can't cause arsenic poisoning like that credited with sickening Ambassador Clare Boothe Luce, U. S. experts said today.

Arsenic is simply not used in American paints. Years ago some might have been contained in the pigment paris green. But paint chemists long ago developed better, cheaper green pigments.

About the only serious hazard in paints now can be lead—if children chew lead-containing paints from cribs, toys, furniture or other objects.

Paints, as other products, now are usually given strict tests for safety and toxicity before being marketed, said Dr. A. Haldane Gee, director of toxicology of Foster D. Snell, Inc., consulting chemists, New York.

## Coaches May Take Rap For Under-the-Table Pay

By JACK STEVENSON

San Francisco (AP)—Presidents of the Pacific Coast Conference have moved a door slightly ajar for altering penalties which ruled ineligible many senior football players at four member universities.

The possibility hinged, apparently, on disciplinary action the schools might take against coaches or staff members involved.

Final PCC action won't come until meetings Aug. 6-8 at Berkeley in the tumultuous cases involving under-the-table pay to athletes by alumni and booster groups.

Hit by penalties in varying degrees have been UCLA, Southern California, California and Washington.

The presidents voted yesterday against any general cancelling of penalties for those breaking conference rules.

## Pittsburgh Firm Secures Large New Castle Plant

Washington (AP)—The government tomorrow will sign documents turning over the title of a foundry and machine shop at New Castle, Pa., to the Mesta Machine Co., of Pittsburgh.

The New Castle plant, built at a cost of 23 million dollars, will be purchased by Mesta on an 8 million dollar bid given at an auction sale last April.

The government built the plant in 1942 to meet defense needs for heavy steel castings. The sale has been cleared by the Justice and Defense Departments.

## WILDCAT STRIKE

Sharon (AP)—Officials of Local 617, International Union of Electrical Workers arranged a general meeting today in an effort to end a three-day "wildcat" walkout at the Sharon plant of Westinghouse Electric Corp. Eugene Dyll, president of the local, said the walkout of 6,000 production employees at the plant was not authorized by the local or the international.

## LABOR CAMPS FACE CHARGE

Harrisburg (AP)—Labor and Industry Secretary John R. Torogian prepared legal action against operators of four migrant farm labor camps in Potter county which he said expected to file suits against the four operators today or tomorrow.

## WHITE HOUSE PARLEY

Washington (AP)—President Eisenhower conferred today with some of his top advisors on the steel strike amid indications he is concerned about its effect on the national economy. As the strike of 650,000 steel-workers moved into its 18th day, more scattered layoffs swelled the total of those idled in allied industries to around 75,000. Negotiations in the shutdown are continuing in Pittsburgh today.

# Homemaker Service Is Real Boon

It's Community First Aid for Stricken Families

By MARTHA M. ELIOT, M.D.

Chief, Children's Bureau  
U.S. Department of Health, Education, and Welfare  
Written for NEA Service

WASHINGTON—(NEA)—Mrs. L. had left four hours before for an emergency operation. Her husband, disoriented by sudden terror, had gone with her in the ambulance.

The three L. children, red-eyed from being awake half the night, hungry and wildly curious about the upset schedule, were huddled around their grandfather.

He, trying to find a way out of his own anxiety, was regaling them with gruesomely vivid details about what was happening to their mother. The fourth L. child was huddled in the corner, clutching his baby blanket.

Up to this point, this story is one that happens in some variation all over the country every day. Homes are upset by accident, illness, by death, by advancing age, by the birth of a baby.

FOR HER FAMILY, Mrs. L.'s operation and convalescence might have meant farming the children out in separate homes, sending the dependent, but otherwise healthy, Grandfather L. to an old people's home, plus unendurable financial strain.

In addition, worry and fear would doubtless have slowed down Mrs. L.'s recovery and affected Mr. L.'s work.

But in the L.'s case, the door-bell rang and a motherly-looking woman came in, calmed the children, fed them, washed them, and mothered them until Mr. L. got home.

While he had been anxiously awaiting news of the operation, a nurse at the hospital had told Mr. L. that the Family and Children's Service had a homemaker service to help in just such emergencies as his.

Soon after good news had come from the operating room,

he was down at the agency talking with their social worker in charge of the homemaker service.

TOGETHER they decided that a homemaker, for the month Mrs. L. would be convalescing, could give just the help her motherless family would need to hold it together. The social worker and Mr. L. agreed on what he could pay for this service. The rest of the homemaker's salary would be made up by the agency.

In this particular case, the agency viewed its contribution as a saving, since it was less than it would have cost to find foster homes not only for four children but also for a grandfather.

(In many communities that have homemaker service, the homemaker earn between \$1.50 and \$1.75 an hour. Some communities also pay the homemaker when they are on call, but not actually working.)

During the homemaker's early days at the L.'s there were the inevitable ups and downs that happen when something big interrupts family routines. But there was always the social worker, no farther away than the telephone, on whom the homemaker could call for advice.

And the family stayed together. They remained emotionally and physically a whole family because the L.'s were lucky enough to live in one of a hundred

## Five Steps to a Homemaker Service

THE Children's Bureau says this is what it takes to get a good homemaker service started in a community:

1—A group of convinced citizens—including professional workers from health and social fields—who are ready to back it up.

2—A social or health agency which has a trained caseworker who can be assigned to work with families in trouble and with homemakers.

3—Homemakers who are healthy, mature women, with a liking for people and a capacity to mother. They should have experience and skills in homemaking, and be the kind of people who like to keep on learning new ways. They should find this kind of work satisfying.

4—Personnel practices that assure to homemakers status and salaries consistent with the responsibility they carry.

5—Sound financing. Some of the money will come from families who use the service. There should be additional funds to pay for service to families who need this help but cannot pay for it. Both public and Community Chest funds are used to finance such services.

American cities where homemaker service is available.

BEHIND HOMEMAKER services is the idea that the family is important to our society; that the effort of keeping it together is vastly better than having children on the loose all day, handicapped without companionship and love.

It's better than having to place them in foster homes, or having to put old people, still spry, into institutions by themselves.

Homemakers, usually between 40 and 60 years old, are picked for their experience in making home a warm and welcome place, their liking for people and for their ability to adjust to running things the way another woman runs them.

IN MANY PLACES, they get special training in the care of children, old people, and persons with various illnesses and handicaps. They are neither housemaids nor practical nurses, but something unique in themselves. This kind of service is not new, but in 15 other countries similar

services are much more widespread than in the United States. In Sweden, for instance, there is one home helper available for each 4,000 persons in cities, and one for each 2,000 persons in rural areas.

IN ENGLAND, the work of its "home helps" is so highly thought of that Queen Elizabeth II included one on her honors list last year.

We of the Children's Bureau feel that homemaker service would be offered in many more communities if local people knew what a help it is in time of trouble, how well it holds families together, and what a saving it can mean.

PEOPLE WHO LIVE in big cities can find out if there is a homemaker service in their city and, if not, how to help get one started, by calling on their council of social agencies. Directors of child welfare in state departments of public welfare, in state capitals, are a good source of information about homemaker services in smaller places.

## Army Imposes Curfew on U. S. Troops in Germany

Heidelberg, Germany (AP)—The U. S. Army imposed a curfew today on its 250,000 troops in Germany in an effort to curb GI crime.

An order issued by Gen. Henry L. Hodges requires soldiers to be in their quarters by midnight on evenings prior to duty days and by 1 a. m. on evenings prior to holiday days.

"This command has been increasingly disturbed in recent weeks by unfortunate incidents involving American soldiers and German civilians," Hodges said.

"These incidents, with the attendant widespread publicity, constitute a threat to the splendid relationship between the U. S. Army in Europe and the people of the Federal Republic of Germany."

He said the curfew was ordered to help cut the incident rate to a bare minimum.

## Light Plane Crashes In Field Near Mt. Pleasant

Mount Pleasant (AP)—A light plane crashed into a cornfield near the Mount Pleasant-Scottsdale Airport last night, killing the pilot and seriously injuring a 14-year-old passenger.

Andy Bradish, 33, owner and pilot of the two-seat craft, was pronounced dead at the scene. His body was pinned in the wreckage for 45 minutes.

Steve Szabo, of Perryopolis RD 2, was reported in fair condition at Frick Memorial Hospital, with fractures of both legs and other injuries.

Airport officials said the crash occurred as Bradish, an experienced pilot, was approaching the field for a landing. They said he often refueled at the field.

## AROUND THE WORLD

**IT'S A MARRIAGE CARRIAGE**—An ancient wedding coach drawn by four eager horses is clip-clopping through the streets of Berlin, Germany. The trip in the white carriage added a special festive note to the wedding of a young local couple who were en route to the church for the ceremony when this photo was taken.

**KNEE HIGH**—Bermuda shorts, like these designed by Robert Bruce in Philadelphia, are expected to sweep the country this summer. They're made of light-weight baby cotton cord and more and more businessmen will be going to the office in high stockings which cool their bare knees.

**GETTING THE LOWDOWN**—Some curious lads in Rome are crouching to get a good look at tanks gathered on the outskirts of the city for a parade. The best part of the celebration for these boys must have been this closeup of the powerful war vehicles.

**SMALL WONDER**—Snowy-white and lined and laced with black wool jersey, calf-skin takes its place among popular-priced novelty furs. It's versatile enough to top a formal gown, or sweater-and-slacks combination or an early fall suit.

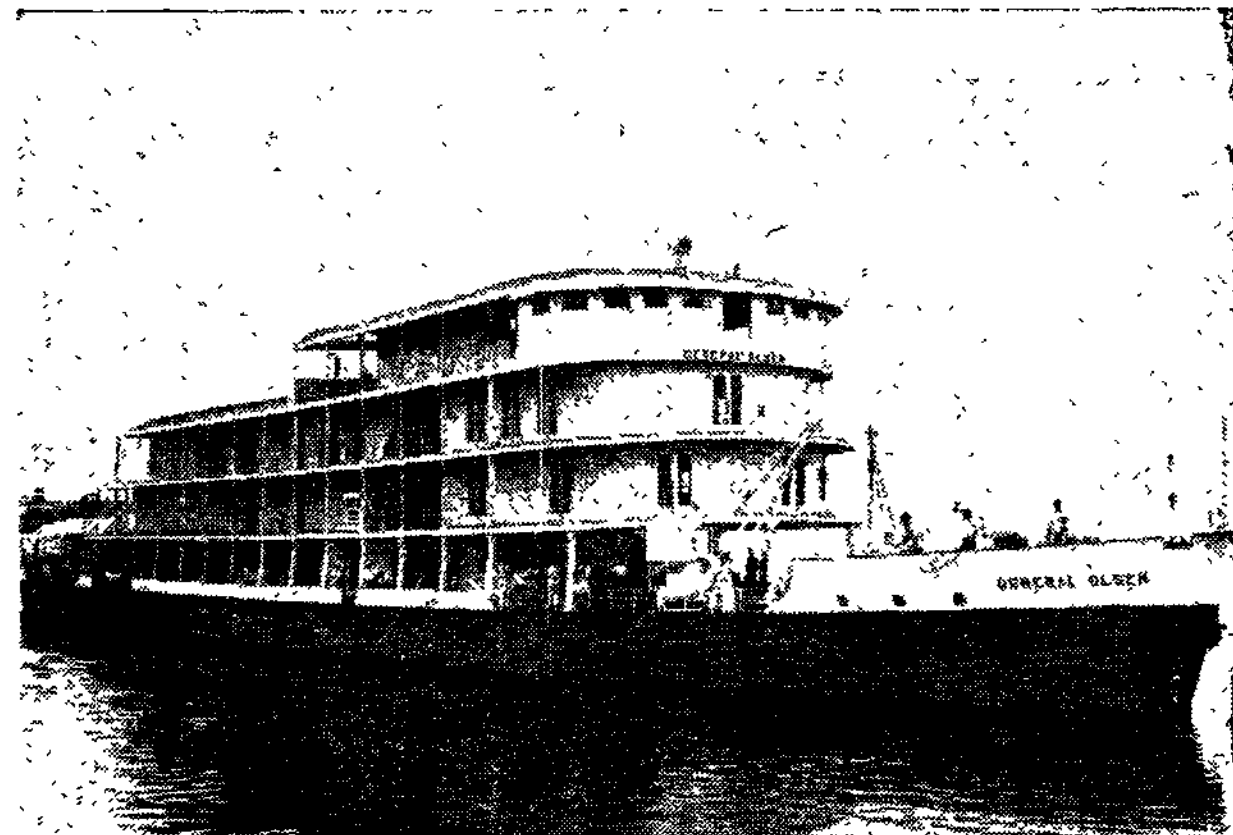

**SIDEWALK SIPPING**—A couple of students in Paris are avoiding sidewalk cafes as they sip from their bottle along the Seine River. That's Notre Dame Cathedral in the background, and it has witnessed a lot of student shenanigans.

**OUTDOOR TREAT**—As a sidewalk artist does his stuff at the Greenwich Village outdoor art exhibit in New York, some models strike voluptuous poses near the Washington Square Arch. The girls are left to right, Tamara, a dancer; actress Terry Saunders, and dancer Linda Warner.

**UNEXPECTED ENDING**—Two-year-old Rebecca Bigler isn't exactly a lady scorned, but her fury seems to be just as great as if she had been, right. When the SS Independence was docking in New York, Rebecca thought she'd take a final dip in a swimming pool, left. Her frustration at finding it empty is very apparent. She lives in Hollywood.

**CONGO CRUISER**—Plying the waters of Africa's largest river is the General Olsen, the newest and biggest of the Congo boat fleet. The diesel-powered craft has a propeller instead of the usual stern wheel, though it draws only five feet. The Olsen runs between Leopoldville and Stanleyville and is equipped with radar to help navigate the river.

**CLOSE INSPECTION**—Wee Jennifer Ockenden, left, and her older sister Julie, four, are getting a closeup of a group of cows huddled together in Guildford, England. The little girls got this peek at the animals that were up for auction.

**NAVY'S COMMENDATION**—Actor George Nader, one of the stars of "Away All Boats," is accepting a Navy citation commending the film from Captain George DeMetropolis at the Brooklyn Navy Yard. The U.S. Navy has lent considerable assistance to the filming of this story of the sea.

**CAUGHT!**—When that raccoon wandered into the plant where metals worker John Brecht is employed in Chicago, a rope was hastily put into action. It didn't take long to capture the little animal that appears reluctant to have to leave city life.

**FULLY EQUIPPED**—That toy panda has made many a leap from a plane as the mascot of Royal Canadian paratroopers stationed in London. The stuffed animal, held by bearded Pioneer Sgt. Joe York, of Toronto, Canada, is outfitted with its own "cute" paratrooper's wings and regimental beret. The panda is always the first one out of a plane when the troopers make a jump.

# Gomez Hits Adcock, Snider Hits A Fan, Musial Hits His 2,700th, Williams Hits 400th Homer

**By ED WILKS**  
The Associated Press

Ringling Brothers may have added, but major league baseball opened a three-ring circus of its own last night.

In the main ring was a two-man act between New York's Ruben Gomez and Joe Adcock of the Braves that ballooned into a free-for-all at Milwaukee. The tall-end giants, who had lost seven in a row, won 8-6 in 11 innings, halting Milwaukee's winning streak at seven.

The defeat trimmed the Braves' national League lead to one game over Cincinnati after the Redlegs had knocked off third-place Brooklyn 4-3. Unbeaten Brooks Lawrence won his 13th, Frank Robinson tied the Redlegs' rookie record with his 20th home run and Duke Snider was hailed into a Cincinnati police station.

Stan The Man Musial got his 700th hit, tops among active major leaguers, but the St. Louis Cardinals lost to Pittsburgh 4-2 in 10 innings. Bob Friend, the All-Star game winner, snapped his five-game losing streak and halted the Pirates' six-game slump.

In the only day game, the Chicago Cubs finally beat Philadelphia 3-2 in 16 innings—with a total of 22 strikeouts in the game.

In the American League, Ted Williams walloped his 400th home run, something only four other players have accomplished. It came in the nightcap of a 10-0 and 1-0 two-night double-header sweep by Boston's Red Sox over the Kansas City A's. Tom Brewer won his 12th in the opener.

The sweep lifted the Red Sox into third place, but still 12½ games behind New York. The Yankees won their 11th straight as young Johnny Kucks beat Detroit 4-0 to become the first 14-game winner in the majors this season.

Chicago's White Sox fell from third to fourth, losing twice to Baltimore by 5-3 scores.

Snider, the Dodgers' center fielder, got involved in a post-game fight with a fan, whom the Duke said called him "gutless." The fan showed the cops two false teeth he said were broken by a Snider blow. Duke said he'd file an assault charge, claiming the 33-year-old fan swung first.

Musial's big hit, a double, scored the Card's first run in the third inning and gave him 1,000 extra base blows—11 shy of Mel Ott's NL record. A two-out two-run double by Dick Groat beat Herm Wehmeier and gave friend his first victory since June 16.

Williams' homer, a 430-foot shot, was off Tom Gorman in the sixth inning of the nightcap, won by Bob Porterfield, who had lost five straight. Only Babe Ruth 714, Jimmy Foxx 534, Mel Ott 511 and Lou Gehrig 494 top Williams' homer total.

## Hit and Run Is on When Gomez Wings Adcock Twice and Flees

**By CHUCK CAPALDO**

Milwaukee (AP) — A howling crowd of 33,239 saw one of baseball's wildest scenes last night as the Giants' Ruben Gomez hit Joe Adcock charged the mound and then bolted for his dugout, the enraged Braves' slugger in hot pursuit.

In a split second the Braves' dugout emptied as a swirl of players raced behind Adcock toward the Giants' dugout. There a stream of Giants piled off the bench and met the onrushing Braves at the top step.

Five Giants' surrounded Adcock and held him as he tried to chase the 29-year-old Puerto Rican right-hander up the ramp and into the visitors' clubhouse.

Del Rice, Braves' catcher, and outfielder Jackie Brandt met head on at the top of the dugout steps and both tumbled down onto the concrete floor. Giants players ran in from the field and joined the mulling mob which threatened to explode into a full scale player riot.

After it was over the players said they hadn't heard the National Anthem being played by the County Stadium organist. The four umpires, led by Senior Arbitrator Lee Ballanfant, and six or eight uniformed policemen restored order in about three minutes.

Later, Ballanfant, indicated he would not recommend suspension for either Gomez or Adcock in a report he must file with National League President Warren Giles.

"They blew up, that's all," Ballanfant said. "We don't think for a minute that Gomez' pitch was meant to be a beanball."

The pitch that set in motion the melee in the second inning was an inside serve that nicked the 28-

## Speaking Of Sports ---

The 20 pros participating in the Porter tourney at CVCC Sunday suffered some hot & cold holes over the route. Most spectacular, of course, was the two on two by Sammy Jackins in his first nine and his eight on two the second nine for the worst single hole score reported. Steve Piech of Buffalo got a three on the par-4 first hole going out, but starting the back nine he skidded to a double bogey six. On the other hand, old-hand Toby Lyons scored a bogey six on par five eighth hole the first nine and then birdied it last time around. Only other bird on the eighth hole was cupped by J. Pasnik of Buffalo his first round.

Pros and scores for Sunday were: J. Pasnik of Buffalo, 36-36, 72; Sammy Jackins of Buffalo, 36-40, 76; Frank Commisso of Rochester, 35-38, 73; B. May of Buffalo, 39-42, 81; F. Drake of Jamestown, 38-41, 79; Steve Piech of Buffalo, 40-40, 80; Pete Lipchick of St. Marplehurst, 41-41, 82; Harold Smith of Chautauqua, 39-41, 80; Bill Smith of Orchard Park, Buffalo, 40-38, 78; Joe Leone of Fredonia, 40-41, 81; Rex Warshaw of Oakmont, Pittsburgh, 32-35, 67; Lionel Hebert of Kahkwa, Erie, 34-37, 71; Mike Parco of Buffalo, 36-38, 74; Ken Yount of Niagara Falls, 35-36, 71; Toby Lyons of Jamestown, 38-35, 73; Sam Urzetta of Rochester, 37-37, 74; R. Nagell of Buffalo, 36-37, 73. Nick Carter of Bradford posted a 44 first round and no card second round. Bill Stocker of Titusville had a 42 first round and no card.

Jamestown Falcons, with a record of 29 wins and 36 losses, has finally nipped its way from the Pony League cellar and dropped the Erie club into the basement. Now only 14½ games off the pace set by Wellsville, the Jamestown manager should find recovery a little speedier in WCA Hospital where he was taken with a severe case of perforated ulcers three weeks ago. The lagging Falcons got 15 hits before just a few more fans Monday night at Municipal Stadium in Jamestown. Olean Oilers went down to defeat 12-2 and the word "rout" could be used in a happy connection with a Falcon baseball story for the first in a long time. Right-handed Orv Ponte, brought to Jamestown from the class C Pioneer League in Idaho, Falls hurried his second victory in three starts, whiffing seven.

More on the Falcon story comes from Hanover, N. H. where it is reported that Tony Lupien, former major league first baseman and Jamestown manager in 1956, has been named varsity baseball and freshman basketball coach at Dartmouth.

### Ask yourself these 6 questions before buying a low-price car—and you'll switch to Plymouth!

(There's a 118% increase in the number of people who are switching to Plymouth from other makes!)

**1 How does performance compare?**  
You can't beat a Plymouth—holder of official NASCAR records for speed in its class (124 mph), and acceleration for all U.S. stock cars (82 mph).

**2 Which low-price car is biggest?**  
Plymouth wins again. However you measure—inside and outside. Roomier, longer, heavier. More trunk space. More everything.

**3 Which is easiest to drive?**  
That's easy: Plymouth's the only low-price car with positive, mechanical Push-Button Driving. Touch a button. Off you go. It's magic!

**4 And how about styling?**  
There's no contest here either. Plymouth's really new, while other low-price cars look about the same as last year.

**5 Which leads in safety features?**  
More than ever—the answer's Plymouth. New seat belts, door latches, headlights. Plus many exclusives, like Safety-Rim wheels.

**6 Okay, where's the best deal?**  
At your Plymouth dealer's right now. You can count on a generous trade-in allowance and money-saving financing. See him today!

## PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

## Soap Box Racers Weighed Before Contest

A few anxious moments, and then wide smiles, as this contestant, the Hamilton, O., champ, meets specifications on the official, and qualifies to compete in the big race. The official weigh-in of Soap Box Derby racers is one of the principal features of pre-All-American inspection at Derby Downs.

## Jones and Hoden Beat Nicks, 13 to 7

Jones Chevrolet of Sheffield, behind the pitching of Steve Hoden, held Nicks Restaurant to six hits last night at Sheffield and cornered a 13-7 win.

Bigby Johnson and J. Hoden were big bats for Jones as they each collected two hits. Farnsworth added to the victory with a triple.

Zdarko slapped a victory doubles into the weeds for Nicks and Berardi knocked himself another.

Both teams scored a single run in the first inning, but Jones pushed across six more in the bottom of the second to pile up a commanding lead that was never headed.

Bartholomew and Bines were umpires.

## Williams Unmoved By Homer No. 400

Boston (AP)—"It was a long time coming."

Thus did Boston Red Sox slugger Ted Williams characterize the 430-foot blast last night which made him the fifth player in major league history to hit 400 home runs.

Williams did not outwardly appear happy about reaching his personal goal. Maybe it was relief more than anything.

Ted, the 37-year-old veteran who lost some of his most productive years due to two service hitchhikes, smacked Tom Gorman's first pitch in the sixth inning 15 rows into the right-field bleachers over the visitor's bullpen in Boston's 1-0 decision over Kansas City. The Sox had captured the opener 10-0 on Tom Brewer's four-hitter.

"I hit a fast ball," was Ted's terse comment in the dressing room afterward.

## Yankee Bonus of \$13,000 To Johnny Kucks Pays Off as He Wins His 14th

New York (AP)—It was money well spent, that \$13,000 the New York Yankees paid Johnny Kucks as a bonus for signing in 1952.

At the time, Kucks was wondering where to try his luck in baseball. He was a fine prospect, but not so outstanding that big league teams were willing to pay highly for his services.

Today, the towering right-hander is the No. 1 pitcher in the majors. He has won 14 games, including his 4-0 shutout of the Detroit Tigers last night, boasts an earned run average of 3.24, and has pulled Yank Manager Casey Stengel out of what could have been an embarrassing hole.

"I'd sure like to win 20 games, but I'm afraid even to think of it," said Kucks. "After all, this is only my second year with the Yanks and I wasn't even one of the regular starters at the beginning of the season."

How true. At the end of spring training, Stengel had no fewer than five other pitchers tabbed as starters ahead of Kucks. He conceded that if any of the regulars faltered, Kucks might be his man. They've all been having their troubles except Kucks.

"That kid's done wonders for us," croaked Stengel. "Where do you think we'd be without him? He's solved the problem of my starting rotation. He should be even better when he gets more experience."

## Hot Stovers

Jack Lobdell continued his excellent pitching for Industrial Oilers in Hot Stove intermediate division play last night as his team won their second straight game in second half competition. Sylvania was blanked 16-0 as Lobdell has given up only four hits in two games. He assisted in the win with a double, along with teammate Albaugh. White was Oiler catcher. Carlson, H. Kane, R. Kane and Mervane were Sylvania battery H. Kane doubled.

In a second intermediate scrap last night on Jackson Field, Fring pitched Betts to a 9-6 win over VFW Helping. Fring was Tazzone, Castagnio on the battery, opposing Solock and Larson. Struthers Wells stopped Youngsville Merchants 14-0 at West Side last night, behind the home runs of R. and D. Suppa, and triple by J. Falvo. J. Davis was winning pitcher.

In another intermediate division contest on Bever Field, Warren Kiwanis edged Warren Observer, 6-5. Dick Terry and Don McKelvey hit doubles for Kiwanis whose battery was Rudolph and McKelvey. Defazio, McKool and Jewell were along the pitching route for Observer.

In a midget division fray last night at Beaty Field No. 1, Macks News stamped Akeley Merchants 14-6. Gaghan was winning pitcher with Bliss and Peterson sharing catching chores and Bliss rapping a pair of two-baggers. Lohnes pitched for Akeley and Svahnnet himself a double. Swanson caught.

At Winslow Field, Hammond Iron midget divisioners took O. K. Service 11-4 behind the battery of McCoy, Slate and Daugherty. Hare, Larson and Daugherty hit doubles. Merrell and Johnson were O.K. battery.

Monday night at Wilder Field, bantam division players for Gaughns shellacked Youngsville bankers Pace and Cretola paced Gaughns on the battery side with Pace hurling 14 strikeouts and smacking a triple, while Cretola got a pair of homers and a triple. Other extra-baggers for Gaughns went to G. Holcomb, J. Suppa and T. Scalise who doubled and Suppa and Brindis tripled. Bankers' battery was P. Barton, Mason and Hannold.

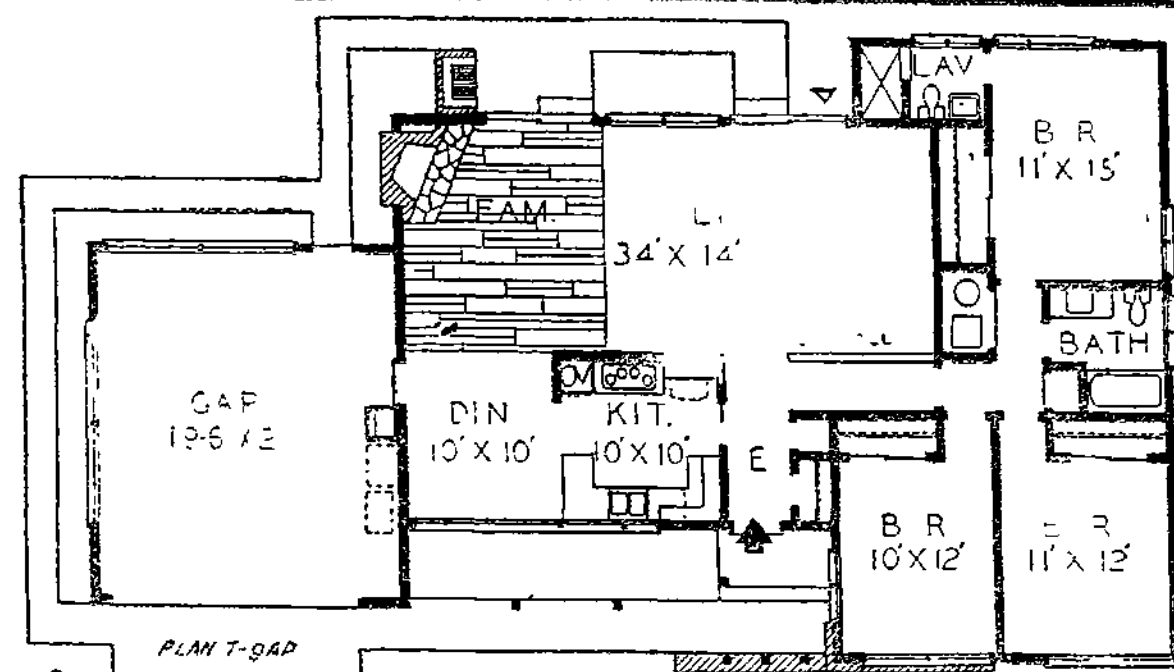

At Weldbank Monday night, midget division players from Clares-

CALIFORNIA COLOR distinguishes this house with a facade of redwood siding, white Texas limestone and stucco wainscot. The heavy rock roof has a four-foot overhang with an egg-crate light well above the kitchen window. This is plan T-9AP, designed by John R. Nelson, architect, for the Tietz Construction Co., 11611 Brookhurst, Garden Grove, Calif. This house was built and sold on an \$5 by 120-foot plot in Garden Grove, near Los Angeles, for \$13,750. The house covers 1,550 square feet. Garage can be near from the front as shown on the plan, or from the rear as shown in photo.

## Your best buy is Dodge... and we can prove it!

...most  
**V-8 POWER**  
too!

Get Your Dodge  
Dealer's Deal  
Before You Decide!

Maybe you've had your eye on one of the other two makes of low-priced trucks. But why settle for second best when Dodge is in the same price class? After all, Dodge leads in the features that truck owners look for:

**Most Payload!** Dodge hauls up to 375 more pounds of payload per trip. It carries the extra weight you'd have to leave behind if you were driving another truck. Saves trips as well as cash.

**Most Power!** Dodge gives you up to 17 more V-8 horsepower than its competitors. You get the brawn you need for tough hauling jobs without engine strain.

**Easiest Handling!** You breeze in and out of the tightest traffic or parking space because Dodge is the sharpest turning truck of all. Try it! It's the most comfortable riding, too.

And when you add to these advantages the **biggest** brakes in the field and the **roomiest** cabs, plus famous Dodge economy and dependability, you see why we say: Check Dodge before you decide. Come in and let us show you the facts... we'll prove Dodge is your best truck buy.

## Spider Hopes to Snare Mims in TV Bout Tonight

Chicago (AP)—Ellsworth (Spider) Webb, hoping to regain his pre-service form, takes on Holly Mims tonight in a 10-round, nationally televised fight at Chicago Stadium.

The fight, which will be carried by ABC, is a full-in for the Willie Fastrano-John Holman heavyweight match, wiped out by illness of both men.

Only three months out of the

Army, Webb has won two fights but has not looked sharp. As a result, he is an 11-5 underdog against the more experienced Mims. Webb's record is 14-1.

Mims, 26, is a noted speller and is ranked 10th in the middleweight division. He recently dropped a split decision to Bobby Boyd of Chicago and has an 8-year record of 40-15-5.

Nobel Prize winning Dr. Harold C. Urey is one of those who urges more experiments in teaching scientific subjects by television.

LOOKOUT ON HIGH—A tiny black dot atop billowing sails, a crew member keeps a lookout holding on to the yardarm on the forward mast of the Flying Clipper as the sloop glides along the Bay of Biscay. The Swedish boat is competing in the International Ship Training Race from Torbay to Lisbon.

## Sheriff and Police Probe Vandalism At Camp Olmsted

Things are beginning to get back to normal at Boy Scout Camp Olmsted following a series of petty robberies and costly vandalism. Executive Elmer Morgan reported today that all equipment that was cut loose in the river a couple nights ago has been recovered, including the top of the dock, two canoes and three skiffs. The top portion of the dock is being replaced today, although it will be much smaller than previously due to the fact that the barrels used to float it were damaged, and in some cases not recovered. Investigation of the vandalism is being made by Sheriff L. E. Lander and Trooper Jack Krupey of the State Police. They have informed Scout officials there is definite evidence that the dock was cut loose with malicious intent. The latest episode tops a long series of petty robberies discovered by Scout officials at the camp. At one time two complete lengths of water pipe were removed and confiscated by prowlers and another time a can of floor enamel disappeared. Silverware, dishes, and other equipment have turned up missing during recent months, indicating that some person or persons have been engaged in a systematic plan of thievery at the camp. One solution to discourage appearance of unwelcome visitors when the camp is unoccupied is that of providing a shelter for a caretaker, and Scout officials are investigating the possibility of providing facilities to have a watchman living on the property throughout the year.

## Visitor Is Turkish Delight Woman Politician Captivates Audience

BY ALICIA HART  
NEA Staff Correspondent

WASHINGTON (NEA)—There's a lady politician from abroad who could probably sell Stalin back to Khrushchev if she put her tongue to it.

Fortunately, she's on our side. And what she sells is strictly pro-American.

This persuasive woman is Mrs. Nazli Tabar, granddaughter of the last Grand Vizier of the Ottoman Empire and member of the Grand National Assembly of Turkey. She's visiting this country as representative of the Foreign Affairs Committee of that body.

The 43-year-old dynamo from the young Turkish Republic took Washington by storm when she came here on the wind-up of a nationwide speaking tour.

FOR EXAMPLE, one afternoon while speaking to a group of women, she emphasized what a wonderful thing it would be if more Turkish girls had the opportunity to be educated in the U.S.

At the end of the speech Perle Mesta, wealthy capital hostess, stood up and promised to pay for the entire education of a Turkish girl at an American college.

Since then several others have offered to finance similar scholarships, including Rep. Frances Bolton (R-Ohio).

The first woman to be elected to the Turkish parliament since it has been under a multiparty system, Mrs. Tabar has served in the assembly as a member of

the Democrat party since 1950. She was re-elected in 1954 and has given her greatest attention to foreign affairs.

THIS IS HER SECOND visit to the U.S.; she was one of the Turkish delegates to the meeting of the Interparliamentary Union in Washington in 1953.

Mrs. Tabar is particularly proud of the record of Turkish women since the secret ballot and a party system was estab-

lished in her country in 1950.

"They are extremely aware of political issues and 95 per cent of them have voted in the last two elections," she says. "In this respect they do better than American women, although more is being done here in the social field by women."

Dark-haired and with a quick laugh and intense eyes, Mrs. Tabar is an avid pro-American who wants no truck with Russia.

SHE BELIEVES the countries of the free world must do all they can to fight Communist subversion which is still going on despite the Russian smiles. She is dead set against any conferences with the Soviets that would recognize their interests in the Middle East.

"Wherever it is, I am against extreme nationalism," she stresses. "Hate will not get us anywhere for it is a tool that the Communists use. I believe only in constructive nationalism."

When elections come around Mrs. Tabar is a hard campaigner. She is used to speaking before 100,000 persons in Ankara's huge Taksim Square.

"One nice thing about our system is the regulation that three days before voting everybody has to stop campaigning," she notes. "That provides a quiet period for people to make up their minds."

Despite her hectic political life and traveling, Mrs. Tabar devotes considerable time to her 14-year-old son and to her husband, who is president of the Turkish Board of Trade.
